### Advanced vPSI Methods: Certified vPSI Assessor

#### Objectives

Upon completion of this two-day workshop, participants will be able to:

- Issue objective, reliable and meaningful evaluations of the long-term effectiveness of corrective actions;
- Utilize the [vPSI Online Corrective Action Assessment Tool and Database<sup>SM</sup>](#) to apply the vPSI Test™ to corrective actions presented in event reports;
- Help other people to recognize and produce better corrective actions;
- Calculate and interpret vPSI Corrective Action Types, Report Ratings, and vPSI Numbers™.

#### Who Should Attend

Personnel with responsibility for reviewing and evaluating corrective actions from investigation reports of Accidents, Incidents, Near Misses or other problems and unplanned events.

#### Prerequisite

Participants must complete “Applying vPSI Methods of Problem Solving & Accident Prevention” before training as a vPSI Assessor. Delivered as a single client class and only delivered in a vPSI licensed environment.

#### Certification

Satisfactory completion of this training class and a written examination earns the trainee the title of “Provisional vPSI Assessor”. After six months of practice and a successful audit by vPSI, the trainee becomes a “Certified vPSI Assessor” able to apply vPSI processes and methodologies in a licensed company environment.

#### Customization

This course can be customized with clients’ own material for in-house training.

#### Cost
